

# Trimble Protected Plus+ Plan with Rapid Replace

## FOR AGRICULTURE

You already made a great decision when you purchased Trimble equipment so your grower business can be more productive. Protect that investment with a Trimble Protected Plus+ Protection Plan with Rapid Replace.

Whether you have 1000 acres to plow or a small local farm, you can't afford to have downtime during the critical planting or harvesting season. Any delay puts you behind schedule. Even the smallest pause in performance impacts your ability to get everything done in that narrow window.

### TRIMBLE PROTECTED PLUS+ WITH RAPID REPLACE FEATURE

When you make an investment in equipment for your business, a protection plan helps you avoid headaches if the unexpected happens. A Plus+ Plan with Rapid Replace allows your Distributor to swap out non-functioning equipment with a replacement. Rapid Replace is available during the Factory Warranty period too. The replacement product comes with the remainder period of the original protection plan. It is a simple and an easy way to get back up and running quickly.

A Trimble Protected Plus+ plan comes in Hardware-only and select System coverage.

### NEW ADDITIONAL PRODUCT COVERAGE

These additional products have been added as covered items in this new plan:

- ▶ AG25, AG15, GA530, Zephyr Antenna
- ▶ Field-IQ
- ▶ WeedSeeker & GreenSeeker
- ▶ AG-372
- ▶ TDL 450, SNB900, AG-815
- ▶ AG401, GL6XX, GL7XX
- ▶ CB40, CB60, CB415, CB460
- ▶ LR20, LR40, LR50, LR60, LR410
- ▶ SR300
- ▶ Irrigate-IQ
- ▶ Display, Modem/Radio, Steering Bundles
- ▶ AG Water Management Bundles
- ▶ GCS Systems

### Benefits

- ▶ Gets you back up and running quickly during critical planting or harvesting season
- ▶ Minimizes your downtime to increase your overall efficiency
- ▶ The protection plan price is lower than the average repair cost!
- ▶ A plan could add valuable dollars to the final sale if you should ever decide to sell your equipment; plans come with transferable ownership (plan follows serial number). This gives your potential buyer worry-free use of the equipment after they make the purchase
- ▶ You can prorate your plans to update all your equipment on one annual expiration date which lets you make one payment instead of many - prevents you from having to remember to make a payment
- ▶ When your equipment is protected, your Distributor can focus on providing additional valuable services like training, priority service, and more to help you go the extra mile in the field

### A Grower's Investment Protection Solution

If your equipment isn't on a protection plan you can add it with our reinstatement option. Call us today for details!

### SEE WHAT OUR CUSTOMERS SAY

"I learned this from one experience where my display had an issue. My Distributor came out and installed a brand new display which took a short amount of time, and I was back up and running within a couple of hours; not the two and half weeks it could have taken to get repaired. I am glad they recommended the Rapid Replace plan - I don't have to worry about downtime anymore."

- Damian Schneider, Grower/Owner,  
Osborne, SW New South Wales, Australia

### TERMS & CONDITIONS\*

- ▶ Malfunctioning units will be replaced from Trimble Distributor stock
- ▶ Accidental damage, as well as cosmetic damage that does not affect product functionality is not covered
- ▶ There is no lightning protection
- ▶ Cables and others accessories are not included
